SUPERVISORS HOLD SPECIAL MEETING

COUNTY MUST SECURE RIGHT OF WAY FOR BERESFORD TO REDWOOD CITY ROAD.

Supervisors Vote to Install a New Accounting System in the Courthouse Departments.

The Board of Supervisors met in adjourned session Monday, there being present Joseph M. Francis, presiding, Wm. H. Brown, John MacBain and C. V. Thompson.

H. C. Tuchsen, who had been appointed one of a committee to confer with the State Highway Commission, regarding the completion of the highway from Beresford to Redwood City, made a verbal report to the effect that the Commission would require that the right of way be provided by the county.

Mr. Tuchsen presented a resolution which had been adopted by his committee, urging the early completion of the road, and recommending that the money to secure necessary rights of way be taken from the General fund.

It was ordered on motion of Brown, seconded by Thompson, that the Clerk secure from the Commission a survey of the proposed road and an estimate of its cost.

The offer of E. J. White to install a new accounting system in the courthouse was taken up. Treasurer Chamberlain and Auditor Shields were called before the board and questioned on the subject, after which it was ordered, on motion of MacBain, seconded by Brown, that the offer of Mr. White be accepted.

The bid of the Gray-Thorning Company to furnish wire fencing for the new right of way through the Weeks property in the Third Road District at a cost of $608 was accepted on motion of MacBain, seconded by Thompson. Mr. Weeks is to supply the other necessary material and erect the fence.

On motion of Brown, seconded by Francis, Thompson was authorized to purchase material for the repair of bridges in his district at a cost not to exceed $300.

Plans and specifications for paving the road from Hillsborough to Crystal Springs Lake were presented by Surveyor Neuman and adopted on motion of Brown, seconded by MacBain. The specifications call for a five-inch concrete base, omitting the usual wearing surface which causes the skidding of machines. The clerk was directed to publish a notice calling for bids for the work, to be opened February 1st.

The Surveyor was directed to make certain repairs on the Belmont road.

A petition signed by San Mateo citizens and businessmen was presented, recommending the appointment of B. W. Wall as Sealer of Weights and Measures for the county. The petition was filed.

The claim of W. A. Price for $100 for postage stamps was ordered paid.

PALO ALTO HAS SUIT IN SUPERIOR COURT

Monday and Tuesday the City of Palo Alto was a party in the Superior Court before Judge Buck in a suit against the Christie Machine Works of San Francisco for the return of $1000 which had been paid in 1912 on a pump that proved to be not up to specifications.

The city bought a so-called Goeriz pump, which was guaranteed by the Christie Machine Works to raise 600 gallons a minute. As that was about twice as much as the work capacity of any other pump offered in the contest, Palo Alto's city council awarded the bid to the San Francisco concern that it is now suing.

The pump did not prove satisfactory, but Palo Alto had paid down $1000 on account of the purchase price of about $2200 and entered protest against further payment pending a satisfactory settlement.

Now Palo Alto has gone to court, suing the Christie Machine Works for the return of that $1,000, M. A. Buchan, president of the First National Bank; J. F. Bixbee, city engineer; Frank Kasson, city clerk, and A. V. Youens, city electrician, gave testimony as to the record of the transaction performance of the pump.

McGowan & Westlake, San Francisco lawyers, are representing the machine works, which is opposing the city's suit and asking on its own account that Palo Alto be compelled to pay the balance of some $1,200 on the pump, plus some additional extra costs. City Attorney Malcolm represented Palo Alto.

Tuesday the case was submitted to Judge Buck on briefs.

Attempted to Break Jail.

A charge of attempt at jail breaking was placed against Walter Schlegel, alias De Le Marque, by District Attorney Swart. The offense charged is a felony, punishable by imprisonment in a state prison. Schlegel is the man who was caught in an attempt to dig himself out of the county jail on Christmas day.

JUDGE SEELY PATENTS USEFUL INVENTION.

George E. Seely, justice of the peace of this city, has been granted patent rights to a preparation which renders automobile and other inflated tires puncture proof. Judge Seely has devoted several years to experiments before applying for a patent and after his application was made the patent office devoted a year to experiments and investigation before granting letters.

The Seely preparation is forced into a tire by means of an air pump and three ounces are sufficient to insure the use of an ordinary-sized automobile tire until it is worn thread-bare.

Judge Segly is also in receipt of a letter from the eastern representative of a London firm, asking him to place a price upon the European rights to his preparation.

BUSINESS IS BECOMING LIVELY AT FIVE POINTS

As a business section of Redwood City, the Five Points is at last coming into its own. The fine new store of Gray and Thorning, which has just been opened, is its most attractive feature. This establishment which is located at the corner of the County Road and Redwood avenue, carries a complete line of builder's hardware. Here the company will also have its lumber yards and drying sheds. In fitting up the interior of their store the company has shown an artistic taste in the use of ornamental redwood and pine, with remarkable effect.

Across the county road from Gray and Thorning's, the Shell Company has erected an attractive station where automobiles may be supplied with either gasoline or oil.

Diagonally across from the Shell Company's station, on the Paulson lot, the Standard Oil Company is clearing the ground to also erect a supply station for automobiles. Their building will be attractive and will have every convenience for patrons, including a waiting room for ladies.

The associated Oil Companies has purchased the lot owned by Lawrence Heiner on the corner of the County Road and Jefferson street on which they will build a supply station, attractive and commodious.

With so much competition there is hope that the high cost of motoring will soon be a thing of the past.

NOW THE DOCTOR WANTS LOREN TO COME THROUGH.

Dr. J. W. Robertson, a San Francisco alienist, who was one of Loren Coburn's important witnesses during the several trials in which the old capitalist's mentality was in question, has begun suit against Coburn for $4000 for his services.

In the performance of his duties to Loren Coburn it is alleged that Dr. Robertson was frequently called into consultation during all the time between February 28, 1904, and April 3, 1914; that a reasonable valuation for this service is $4000 and no part of said sum or other fee has been paid to date.

William B. Kollmyer is the attorney for Dr. Robertson.

Mrs. A. Kalenborn and children have gone to Fresno to join Mr. Kalenborn, who is in business there.

Mrs. Edward Ross visited her family here during the holidays.

SURPRISES MANY IN REDWOOD CITY

The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the remedy which became famous by curing appendicitis, is surprising Redwood City people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler-i-ka is the most thorough bowel cleanser ever sold. The Walsh Drug Company. 5

JOINT INSTALLATION OF FRATERNAL AID UNION.

The joint installation of the officers of Palo Alto and Redwood lodges, Fraternal Aid Union, last Tuesday evening, was one of the pleasantest social gatherings held here for some time. Foresters hall was comfortably crowded and everyone was in a spirit of joyfulness. The installing was done by Charles T. Cook of San Francisco, a member of the local lodge, and District President of the Fraternal Aid Union, assisted by the Palo Alto team. The officers who were installed for Redwood lodge were: Past president, Mary E. Read; president, Pearl George; vice president, Emil Medefind; secretary Martha George; treasurer, Bertha Murray; chaplain, Ulrica Sahlberg; inside guard, E. O. Rhodes; outside guard, Lottie Bullivant; guide, Mary Winter; captain, Ruby George; trustee, John E. Layng.

The following pleasing program was rendered: Vocal solos by Mrs. M. E. Hanson, and Misses Stella Sahlberg and Maude Moore, and piano solo by Mrs. Dollie Jamieson. Speeches were also made by members and visitors.

About sixty were seated at the banquet tables which were decorated with white carnations and golden rose buds. Mr. Layng acted as toast master. Mrs. Martha George, the secretary, received a beautiful bouquet of carnations and American Beauty roses in honor of her birthday.

The latter part of the evening was spent in dancing downstairs and card playing upstairs until midnight. All declared that the evening was most enjoyably spent and all hoped that another joint meeting would not be far off.

DISTRICT ATTORNEYS PLAN NEW CRIMINAL LAWS.

District Attorney Swart, the secretary of the State District Attorneys Association, is sending notice to his fellow officers throughout the state that a convention of the association will be held in Oakland February 22d. The delegates will be the guests of W. H. L. Hynes of Alameda county.

There will be taken up at the convention plans to change some of the laws governing the trial of criminal actions. The jury law, the law governing embezzlement, and the matter of bail, are among those to be considered. The proposed reforms will be urged upon the legislature during its present session.

The Sequoia Union high school basketball team defeated the Half-moon Bay team last Saturday evening by a score of 49 to 24. The members of the team have but one more game to win in order to receive their block "S" decorations. That game will be played at Campbell against the school team of that place, next Saturday.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

The Colma correspondent of the Democrat is responsible for the following timely suggestions:

The people of the county do not worry over the little money the newspapers get for advertising and printing. All they get is well earned. They are all struggling for an existence and they are always advertising the county, pay or no pay. In the name of justice, treat them generously and honestly. Any public man with an ounce of gray matter knows the value of their friendship and support. The officicial paper should be a reliable one, one that can be depended upon at all times.

SHOULD BE ABOVE SUSPICION.

Whatever complaint may have been made against the cost of the conduct of the general public business of the State, the people have never shown a disposition to be niggardly in the support of its schools nor to complain of the cost of their maintenance. If this disposition is to continue, however, it is essential that the conduct of this important department should be kept above suspicion. Especially must the public be made to feel confident that those in charge of the important educational institutions of the State are free from the influence of sectional or local mercenary motives.

That there is danger of cause for loss of this public confidence, would seem to be a possible result of the commonly reported experience of two pupils graduated with high honors from Sequoia Union High School and who later entered the State Normal School at San Jose. If the statement attributed to these young people is founded upon fact, and in the past there seems to have been no reason to question their integrity, their failure to retain their standing in the State's training school for teachers came as a result of a declaration on their part that it was their intention to continue residing at their homes in San Mateo County, in preference to patronizing some of the many places in San Jose which derive a livelihood from the housing of pupils of that institution. At least, the report seems to be to the effect that they were lead to believe that their standings were regarded favorably until the question of tempory residence was broached, and the announcement of their failure followed the reply made by them.

For the sake of the honor of the school department, it is to be hoped some mistake has been made which may be later corrected. The Normal School is an institution of the State, supported by the entire people. Its location at San Jose should be regarded by the people of that city as an honor—not as an opportunity solely to be utilized for financial gain. Certainly no member of the faculty of that institution can afford to bear even the suspicion of lending countenance, much less aid, to subordinate the institution to sectional commercial profit.

CURTAIL THE DRUG HABIT.

While reformers are doing their best, both by law and education, to get the best of evils of the liquor traffic, they should not lose sight of the fact that there are other evils quite as serious that need looking after. Peace officers, judges of our criminal courts, these who are personally concerned in the management of correctional institutions, insane asylums and almshouses will agree that the drug habbit is one of the worst of these. The extent, the spread and the fearful consequences of the drug habit, in its various forms, are all matters of common knowledge among those who are placed in official or personal contact with the wretchedness of the world. The necessity for controlling it, if that can be done, is quite as important as the endeavor to protect society from the evils of the liquor habit.

It becomes, therefor, a matter of pratical interest to take note of whatever is done to that end by those who have given the drug evil and its suppression special attention. At the instance of one of those men, New York has enacted a law, which has been in force for a few months, which attacks the drug evil from a new angle. It carries out suggestions which have been made in a more or less desultory manner for a few years past, but seemingly never seriously and practically considered until urged before the New York egislature by a member of that body who had long experience among drug-sellers and drug-users who had given the matter intelligent consideration and investigation and spoke with the voice of authority.

There are four povisions of the New York law which would seem worthy of consideration by the legislature of our own state: First—all dealers, dentists, doctors and veterinarians are required to use a form of official blank when purchasing any of these dangerous drugs, and in addition to this must keep an accurate record of purchases, sales and the use of the drugs. Second—in filling prescriptions that contain any one of the drugs a certificate must be issued which shall bear the name of the physician who writes the prescription, the patient to whom it is given and the druggist who fills it. Third—possession of any of the forbidden drugs without such certificate is made a misdemeanor. Fourth—victims of the drug habit may be committed by a magistrate to asylums or hospitals where they may be treated.

It is not claimed that during the few months in which this law has been in force in New York it has been well enforced, nor is it claimed by anyone that its enforcement, however strict, will entirely suppress the drug evil and its frightlful consequences; but one of its effects, it is admitted, has been to notably increase the application of drug victims in that state for admission to institutions where they may be treated. It is believed also that the indiscriminate sale of such drugs has been materially curtailed and that a more intelligent means has been presented for the treatment of its worst victims.

THE PROPER WAY

Automobile accidents are few in Portland, Oregon. The driver who is caught traveling faster than the speed limit is not fined by the judge, but he is sent to the rock pile to break stone. That city of 300,000 has no speeding on its streets and in the past nine months scarcely an accident.—World's Chronicle.

If similar punishment were meted out to speeders in San Mateo county there would be fewer accidents on our fine stretches of highway. There is such a temptation to put one's foot down a little harder and speed "her" up on the good roads, that even the careful driver sometimes becomes careless. Something drastic must be done to prevent further accidents. Why not try Portland's scheme in San Mateo county?

Judge Buck has granted an interlocutory decree of divorce to Claudine M. Carroll, from her husband, Louis V. Carroll, on the ground of extreme cruelty. The Carrolls were married at Moss Beach on October 5, 1910. The custody of the minor child, aged 23 months, was awarded to Mrs. Carroll. The plaintiff was permitted to resume her maiden name, Mae Bedwell.

New Building Contracts.

The following builder's contracts were filed in the county recorder's office during the week:

The Clinting Fire Proofing Company agrees to do the concrete work of the second section of the garden of the Harriett Pullman Carolan residence at Hillsborough by March 1, for $10,663.

Marriage Licenses Issued.

Michael J. Fogarty, aged 21, and Aimee M. Burns, aged 18, both of San Francisco.

Percival Hunn, aged 28, and Christine Holm, aged 22, both of Oakland.

James Morris, aged 31, Los Angeles, and Maude L. Morgan, aged 27, San Francisco.

Obert Smith, aged 23, Nebraska, and Selma Rosenthal, aged 18, Alameda.

James A. Andrews, aged 27, San Francisco, and Pearl Vivian Carter aged 24, Alabama.

Old Decision Affimed.

The remittitur in the case of V. B. Scanlan against James Jacobs has been received at the county clerk's office from the Appellate Court. The decision affirms the opinion of the lower court. Judge Buck in 1912 decided the case in favor of plaintiff who brought suit to recover the sum of $343.83 for a balance due for a number of hogs sold to the defendant. In January 10, 1912, plaintiff sold the hogs to Jacobs g for $543.83 and only received the sum of $200 on account. Jacobs in his answer set forth that a number of the hogs were diseased and not fit to be sold. The decision of the higher tribunal was written by Judge Richards and concurred in by Justices Kerrigan and Lennon.

Civil Action Transferred

The suit commenced at San Francisco last December by Richard P. Henshall, the well-known attorney, against Loren Coburn and his wife Sarah, was transferred for trial to the Superior Court of this county on Thursday last. The case is brought by the attorney to recover fees in the sum of $19,450 for legal services rendered the aged capitalist during the two years last past. Henshall appeared for Coburn in the last two incompetency proceedings held in the Superior Court of this county and in San Francisco.

Demurrer Sustained

Judge Buck yesterday sustained the demurrer to the complaint filed some weeks ago by the Emporium Company against the City of San Mateo which practically ends the action. Several months ago the town trustees of San Mateo adopted an ordinance licensing all vehicles coming in from other places to deliver goods. The Emporium at once brought an action to test the validity of the ordinance and the decision of Judge Buck in sustaining the demurrer practically holds the ordinance to be valid. The decision was awaited with considerable interest as other cities in the county are to passs similar laws. It is understood that the town trustees of Redwood City will soon adopt a like ordinance. The city of Burlingame has had the same kind of a law in effect for some months.

New Probate Applications.

John W. Braddick has petitioned the Superior Court for letters of administration uponn the estate of Sheila Innes Braddick, who died on December 27, 1914. The estate consists of lots G and H, block 11, Lyon & Hoag Subdivision, Burlingame, valued at $13,000, a Ford automobile valued at $300 and household furniture worth $100. The entire value of the estate does not exceed the sum of $15,000. The heirs at law are: John W. Braddick, Porter W. Braddick, Melvin R. Braddick, Catherine I. Braddick and J. Braddick.

Mary J. O'Connor has applied in the Superior Court for letters of guardianship upon the estates of Grace E. Francis and Eunice Francis. The estate consists of cash on deposit in the Halfmoon Bay Bank, amounting to $225, a claim against the Wood estate amounting to approximately $253 and a certain parcel of property located in the Town of Halfmoon Bay valued at $4000. The mother of the minors, died recently and their father is the well-known undertaker at Halfmoon Bay.

James T. O'Keefe, guardian of the estate of Bertha L. Bradley, has petitioned the Superior Court for permission to withdraw the sum of $150 from the funds of Mrs. Bradley for her use and benefit. Mrs. Bradley, with her husband and minor child, has moved to Long Beach to spend the winter.

New Actions in Superior Court.

M. B. Johnson has brought an action in the Superior Court against Charles H. W. Koerner to secure possession of blocks 1, 2, 3, except lots 42 43, in block 2, Montara. Defendant on March 23, 1912, entered into an agreement with plaintiff to purchase an interest in the property, agreeing to pay a deposit of $500 and certain payments thereafter until the property would be paid for. The $500 was paid but the installments agreed upon were not paid and notwithstanding that Koerner was requested to settle on various occasions failed to do so. Mr. Johnson asks that all the right, title and interest to the property be vested in plaintiff.

Hazel Catherine Walker has brought an action in the Superior Court for an interlocutory decree of divorce from her husband, Percy Walker, on he ground of extreme cruelty. The parties were married at San Rafael on January 28th, 1914, and a child was born to the couple on October 11, 1914. The plaintiff asks for $25 a month for support of herself and child and the sum of $60 for attorney fees. Walker ois employed at Levy Bros., San Mateo, at a salary of $75 a month.

The Hauptman Lumber Co. has brought an action in the Superior Court against the Thomas H. Day's Son Co., to foreclose a mechanic's lein on a building on Grand avenue, South San Francisco, for $246.15.

Anton and Matilda Hanson have brought a suit in the Superior Court for damages against Robert Y. Hayne to recover the sum of $25,000 for the death of their son. This suit is the outcome of an accident which happened on the night of June 14, 1914. Hanson and a companion, Edgar Bassett, were driving a motorcycle in a northerly direction and when near the Beresford crossing were struck by an automobile driven by Hayne. Both the men on the motorcycle were killed. A coroner's jury exonerated Hayne from any blame in the matter, but the papers in suit allege that "he was driving at an excessive rate of speed, exceeding 30 miles an hour, after nightfall and when it was dark, that he maintained on the front of his automobile a powerful electric searchlight that made it impossible for anyone approaching from the opposite direction to see the road."

The San Mateo Improvement Co. has brought foreclosure proceedings in the Superior Court against the San Mateo Hotel Company to recover the sum of $112,000. The property on which the mortgage is to be foreclosed consists of the San Mateo Hotel property at San Mateo, formerly owned by the late Alvinza Hayward. On January 29, 1910 defendant gave a promissory note, secured by the mortgage, to plaintiff for a loan of $128,000. The note was executed by J. H. Coleman as vice president and Paul Pinckney as secretary. Since that time defendant has paid the sum of $16,000 on the note, leaving a balance of $112,000 unpaid. Plaintiff asks that a commissioner be appointed by the court to sell the property. It also asks for interest and costs of suit and attorney fees in the sum of $100. Aylett R. Cotton, assistant district attorney of San Francisco and son-in-law of Aton Borel is the attorney for the improvement company of which Captain John Barneson, the capitalist is the principal owner.

PITIFUL STORY COMES FROM LOUVAIN IN A LETTER TO A LOCAL RESIDENT.

Writer Tells Brother Here That Without Help of This Country Belgians Would Be Hopeless.

A story from Louvain, written immediately after the siege and bombardment of that place by the Germans last September, has just come to this city. It tells a tale of heroic living under the hardest of war conditions and carries words of praise for the United States which should cause all Americans to feel a new thrill for the flag of our country.

A well-known resident near this city, who asks that his name be withheld, has received a letter from one of his sisters, both of whom are members of Catholic orders in European convents.

The sister who tells the story says that when the bombardment first began the three hundred nuns in her institution went to the cellar where they huddled together for four days. The firing then ceased and they came out, finding that their church and home had not been injured by the shots and shells which had shrieked about them so long

All went about their work again. A few days later an Uhlan officer rode hurridly through the streets, announcing that firing was to commence again at once. He stopped at the convent and advised the sisters to drop everything and run for the open country. The three hundred from the convent and about an equal number from another in Louvain went out through the streets of their city and had reached the outskirts when the bombardment was renewed. That night a number of them met at a barn, nine miles out. Here by a strange fate, the two sisters of the recipient of the letter, who had not seen each other in the thirty-six years of their service in the church, met again, refugees of the war.

After several days the sisters returned to the convent and were so delighted to find it and the church unharmed that they went immediately to the church where they sang Te Deums of praise.

The next thing to do, says the letter, was to go to the American consul, "our only friend and the only source of help to Belgiums in these days of war."

According to the writer Brussels was then, in September, already on bread rations of reduced amount. "We go on rations in Louvain, next week," she adds. The condition of the city is described as comparable with that of San Francisco after the fire. "Old inhabitants cannot find their way in the ruins of our beautiful city," runs the letter. At Antwerp, she says, the homes were spared, but in Louvain they were laid waste.

"You should be proud that you are living in America, and in California," writes the sister, after telling of some of the hardships endured by her people.

"Belgium is nursing at the breast of America as a child at her mother's breast. Without the American ambassador and the help of his country, we would indeed be without hope."

The sister adds that conditions in war times make it unsafe to put much in letters. "Else I could write a book," she adds.

Street Numbering Completed

The work of numbering the houses of the city has been completed and the Post-Office department at Washington has been notified by Postmaster Price and it is thought that mail delivery will be installed about February 1st. The official numberer of houses states that those who have not purchased numbers may secure them from the hardware dealers and attach them to their buildings themselves.

Tom Burke In Hospital

Thomas F. Burke, the well-known San Mateo merchant went to St. Mary's Hospital last Wednesday to undergo an operation on account of a rupture caused by heavy lifting. As he has never been sick a day in his life the confinement will prove irksome but he is confident of coming through all right. The operation, which was performed on Thursday, was a complete success.

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old style ready-made, cough syrups in bottles holding only 2 to 2½ ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to Ryan's Drug Store and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectorant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchial Asthma, Bronchitis, croup, hoarseness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above druggist has been authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under this positive guarantee.
